- Effective communication

LANGUAGES

- English: Conversational
- Urdu: Native
- Sindhi: Native

PROFILE SUMMARY

Versatile Front end development learner with expertise in HTML, CSS, JavaScript, TypeScript, Node.js, React.js, Tailwind CSS, C, and Next.js. With 2.5 years of teaching experience in mathematics and computer science, I excel at conducting coding sessions and simplifying complex concepts, by blending them with practical coding skills.

WORK EXPERIENCE

GIAIC   2024 - PRESENT
SENIOR STUDENT

- Leading online sessions breaking complex topics like "ASYNC JS"," TypeScript's Strong typing features"," folder structure and behind the scene working of React.js" in simple words to students in revision sessions.

COLLEGE TECH PROJECT   2023 - 2023
TEAM LEAD

- Led the College team, created 2 projects along with my team, NO.1. smart blind stick NO.2. automated security system.
- Created both projects using Arduino (programmable circuits), programmed them using "C language".
- In which I programmed the circuits for both the projects, also created a healthy and friendly environment throughout the competition.

ISLAMIA PUBLIC SCHOOL   2021- PRESENT
MATHS & C.SC TEACHER

- Teaching mathematics to class 9 and 6 students.
- Teaching Computer science to 9 and 10 class students.
